Simple A4 solutions offer business class performance

High quality black and white documents are printed quickly and without fuss. Multifunctional models can also copy, scan in colour and communicate via fax.

Perfect for businesses looking for effective, hassle-free print solutions, these A4 devices are effortlessly productive, incredibly easy to use and utterly reliable.

With their space saving design and quiet operation, they can be placed within easy reach of users. Business letters are printed in high resolution. And, offering all in one convenience, the multifunctional models can copy, scan and fax.

For simplicity, complex and time-consuming processes, such as ID card copying, are automated. And with Wi-Fi Direct, it is easy for users to connect their tablets and smartphones for printing and scanning.

- Compact, quietly effective and easy to use
- Reliable, high quality black and white printing
- Scan in colour to email, computers and smart devices
- Easy to set up and use
- Print directly from smartphones and tablets

Keep It Simple

Keep it simple is a well-established design principle. The simplicity of Ricoh's A4 printers and MFPs is that they are designed to help you to focus on your business.

Making business easier

These compact A4 printers are perfect for offices where space is at a premium. Running quietly in the background, they make it easier to focus on the job in hand. Immaculate black and white print is produced at speed. And, with Wi-Fi direct, it is easy to connect and print from smartphones and tablets.Their productive performance will drive your business forward. Eliminating bottlenecks, urgent prints are ready in seconds. Double sided output is produced automatically and, with up to 250 sheets of paper on line, there is seldom need for replenishment. What is more, with their high duty ratings, reliable performance is guaranteed.The multifunctional versions are true all-in-one business solutions. Their integral document feeders automate scanning. Paper-based documents can be scanned in full colour and distributed digitally. And, to save time, copies are printed from memory and delivered ready collated.

With their compact designs and front-facing operation, these A4 printers and MFPs need very little space. To make life easier, set up is simple. With Ricoh's easy installation guide, they are ready within minutes.There is no need to join a network. With WiFi Direct, it is easy to connect smart devices. They are easy to use. High quality black and white print is produced without a thought.And, with their high yield supplies reducing maintenance, you can focus on business matters.

Productive print performance

Ricoh's A4 printers deliver what you need, when you need it. Eliminating bottlenecks, urgent prints are ready in seconds. Double sided output is produced automatically and, with up to 500 sheets of paper on line (model/option dependent), there is seldom need for replenishment.

All in one document solution

The MFPs also offer extensive copy, scan and fax functionality. The versatile all-in-one solutions are packed with intelligent features which make them easier to use. And, sharing the same robust platform as the printers, they offer reliable all-round performance.

Letters, labels and envelopes

These devices support wide variety of paper, including thick paper and envelopes. With an additional paper tray, different types of paper can be kept in the device and longer print jobs can be handled without needing to constantly replenish paper.

Can you imagine being tethered to your desk?Ricoh compact A4 printers and MFPs support mobile working by make it easier to connect. With AirPrint and Google Cloud Print, you can print directly from your smartphone or tablet.Guests can connect seamlessly too. And once connected, they can print and communicate via the Cloud.
